Section: Quantitative Techniques and Data Interpretation

1. QUESTION

Study the pie chart and table and answer the questions

Store	Respective ratio of number of linen kurtis to cotton kurtis sold
A	7:5
B	5:6
C	3:2
D	5:3
E	4:3
F	7:3

Distribution of total no. of Kurtis (cotton and linen) sold by six different stores in 2016, where total kurtis sold are 84,000

QUESTION-

What is the difference between average number of linen kurtis sold by stores D and E together and average number of cotton kurtis sold by the same stores together?

- A) 2920
- B) 2880
- C) 2940
- D) 3060

2. QUESTION

Study the pie chart and table and answer the questions

Store	Respective ratio of number of linen kurtis to cotton kurtis sold
A	7:5
B	5:6

C	3:2
D	5:3
E	4:3
F	7:3

Distribution of total no. of Kurtis (cotton and linen) sold by six different stores in 2016, where total kurtis sold are 84,000

What is the respective ratio between number of kurtis (linen and cotton) sold by store C and number of linen kurtis sold by store F?

- A) 30:41
- B) 40:49
- C) 22:31
- D) 20:29

3. QUESTION

Study the pie chart and table and answer the questions

Store	Respective ratio of number of linen kurtis to cotton kurtis sold
A	7:5
B	5:6
C	3:2
D	5:3
E	4:3
F	7:3

Distribution of total no. of Kurtis (cotton and linen) sold by six different stores in 2016, where total kurtis sold are 84,000

Number of kurtis (linen and cotton) sold by store D is what percent more than the number of linen kurtis sold by store B?

- A) 16%
- B) 20%
- C) 24%
- D) 18%

- (A) $\sqrt[3]{2}$
- (B) $\sqrt{3}$
- (C) $\sqrt[4]{5}$
- (D) $\sqrt[5]{7}$

- A) $A < B < C < D$
- B) $D < A < C < B$
- C) $D < B < C < A$
- D) $A < D < C < B$

4. QUESTION

There are 10 stations on a railway line. The number of different journey tickets that are require by the authorities, is

- A) 92
- B) 90
- C) 91
- D) 93

5. QUESTION

Ice-cream, completely filled in a cylinder of diameter 35 cm and height 32 cm, is to be served by completely filling identical disposable cones of diameter 4 cm and height 7 cm. The maximum number of cones that can be used in this way is

- A) 950
- B) 1000
- C) 1050
- D) 1100

6. QUESTION

Arrange the following surds in increasing order

7. QUESTION

If $a\%$ of $a + b\%$ of $b = 2\%$ of ab , then what percent of a is b ?

- A) 25%
- B) 50%
- C) 75%
- D) 100%

8. QUESTION

Given below are two statements

Statement I = If two chords XY and ZT of a circle intersects internally at point P, then $PX \cdot PYPZ = PT$

Statement II = If two chords XY and ZT of a circle intersect internally at point P, then PXZ and PTY are similar triangles

In the light of the above statements, choose the correct answer from the options given below:

- A) Both Statement I and Statement II are true
- B) Both Statement i and Statement II are false
- C) Statement I is true but Statement II is false
- D) Statement I is false but Statement II is true

9. QUESTION

In terms of percentage profit, arrange the following transactions in decreasing order

1. Cost price: ₹36, Profit: 17
2. Cost price: ₹50, Profit: 24
3. Cost price: ₹40, Profit: 19
4. Cost price: 60, Profit: 29

- A) $D > C > B > A$
- B) $D > B > C > A$
- C) $B > D > C > A$
- D) $B > C > A > D$

10. QUESTION

A vessel of 160 L is filled with milk and water. 70% of milk and 30% of water is taken out of the vessel. It is found out that the vessel is vacated by 55%, then the quantity of milk and water in the original mixture is

- A) Milk 100 L; Water = 60 L
- B) Milk 60 L; Water = 100 L
- C) Milk 90 L; Water = 70 L
- D) Milk 70 L; Water = 90 L

11. QUESTION

There are two numbers which are greater than 21 and their LCM and HCF are 3003 and 21 respectively. What is the sum of these numbers?

- A) 504
- B) 508
- C) 514
- D) 528

12. QUESTION

The graphs of $ax+by=c$, $dx+ey=f$ will be,

- (A) Parallel if the system has no solution

- (B) Coincident if the system has finite number of solutions
- (C) Intersecting if the system has two solutions
- (D) Intersecting if the system has only one solution

- A) A and B only
- B) B and C only
- C) A and D only
- D) B and D only

13. QUESTION

Which two figures will have same area?

- (A) Circle with diameter of 14 cm
- (B) Rectangle with length 12 cm and breadth 10 cm.
- (C) Rectangle with length 14 cm and breadth 11 cm.
- (D) Square with side 12 cm

Choose the correct answer from the options given below :

- A) A and B only
- B) B and D only
- C) A and C only
- D) A and D only

14. QUESTION

Mr. Seth inherits 2505 gold coins and divides them among his three sons: Brij, Purab and Mohan in a certain ratio. Out of the total coins received by each of them, Brij sells 30 coins, Purab donates his 30 coins and Mohan loses 25 coins. Now, the ratio of gold coins with them is 46: 41: 34 respectively. How many coins did Purab receive from his father?

- A) 705
- B) 950
- C) 800
- D) 850

15. QUESTION

A Glass Jar contains 1 Red, 3 Green, 2 Blue and 4 Yellow marbles. If a single marble is chosen then Match List I with List II:

List I	List II
(A) Probability of yellow marble	(I) $\frac{3}{10}$
(B) Probability of green marble	(II) $\frac{7}{10}$
(C) Probability of either green or yellow marble	(III) $\frac{1}{2}$
(D) Probability of either red or yellow	(IV) $\frac{4}{10}$

Choose the correct answer from the options given below

- A) (A)-(II), (B)-(III), (C)-(IV), (D)-(I)
 B) (A)-(I), (B)-(IV), (C)-(II), (D)-(III)
 C) (A) - (IV) B)-(I), (C)-(II), (D)-(III)
 D) (A)-(IV), (B)-(II), (C)-(III), (D)-(I)

16. QUESTION

3 men and 18 women together take 2 days to complete a piece of work. How many days will 9 women alone take to complete the piece of work, if 6 men alone can complete the piece of work in 3 days?

- A)5
 B)6
 C)7
 D)9

17. QUESTION

Given below are two statements

Statement I - The perimeter of a triangle is greater than the sum of its three medians

Statement II - In any triangle ABC, if D is any point on BC, then $AB+BC+CA > 2 AD$

In the light of the above statements, choose the correct answer from the options given below:

- A) Both Statement I and Statement II are true
 B) Both Statement I and Statement II are

false

C) Statement I is true but Statement II is false

D) Statement I is false but Statement II is true

18. QUESTION

Match List I with List II:

List I (Regular Price and Sale Price)	List II (Discount)
(A) Regular price : ₹65 Sale price : ₹55	(I) 13.33%
(B) Regular price : ₹60 Sale price : ₹50	(II) 15.38%
(C) Regular price : ₹70 Sale price : ₹50	(III) 16.66%
(D) Regular price ₹75 Sale price : ₹65	(IV) 14.29%

Choose the correct answer from the options given below:

- A) (A)-(III), (B)-(IV), (C)-(I), (D)-(II)
 B) (A)-(II), (B)-(III), (C)-(IV), (D)-(I)
 C) (A)-(II), (B)-(I), (C)-(III), (D)-(IV)
 D) (A)-(III), (B)-(I), (C)-(IV), (D)-(II)

19. QUESTION

A player can take a maximum of 4 chances to hit a bottle with a flying disc. The probability of hitting the bottle at the first, second, third and fourth shots are 0.1, 0.2, 0.35 and 0.45 respectively. What is the probability that the player hits the bottle with the flying disc?

- A) 0.6573
 B) 0.2574
 C) 0.7426
 D) 0.3427

20. QUESTION

A container is filled with liquid, 6 part of which are water and 10 part milk. How much of the mixture must be drawn off and replaced with water, so that the mixture may be half water and half milk?

- A)1/3
- B)1/7
- C)1/5
- D)1/8

: Logical Reasoning

21. QUESTION

Given below are two statements: One is labelled as Assertion (A) and the other is labelled as Reason (R).

Assertion (A): Tides indicate the regular and periodic rise and fall in the sea level.

Reasons (R): Tides are caused by the gravitational pull of the moon and sea level. In the light of the above statements, choose the correct answer from the options given below:

- A) Both (A) and (R) are true and (R) is the correct explanation of (A)
- B) Both (A) and (R) are true but (R) is not the correct explanation of (A)
- C) (A) is true but (R) is false
- D) (A) is false but (R) is true

22. QUESTION

Find the missing number from the given alternatives.

117	200	100
9	8	5
8	9	13
21	34	?

- A)31
- B)35
- C)55
- D)18

23. QUESTION

If RAIN is written as 66, then CLOUD is written as

- A)55
- B)67
- C)78
- D)79

24. QUESTION

The following question consists of a statement and argument I and II. Choose the best option.

Statement: Should judiciary be independent of the executive.

Arguments: 1. Yes, this would help curb the unlawful activities of the executive.

2.No, the executive would not be able to take bold measures.

- A) Only argument I is strong
- B) Only argument II is strong
- C) Neither argument I nor argument II is strong
- D) Both arguments I and II are strong

25. QUESTION

The sheet of paper shown in the figure below is folded to form a box

Choose the correct alternative which will represent the position of numbers in above diagram

26. QUESTION

At sunrise, Ajay and Vijay are having a conversation standing in front of each other. The shadow of Vijay is formed towards the right hand of Ajay. What direction is Vijay facing?

- A) North-East
- B) South
- C) East
- D) North

27. QUESTION

If 8th February, 2005 was a Tuesday, then what was the day on 8th February, 2004?

- A) Tuesday
- B) Monday
- C) Sunday
- D) Wednesday

28. QUESTION

A, B, C, D, E, F, G, H and J are sitting around a circle facing the centre. C is third to the left of A. E is fourth to the right of A. D is fourth to the left of J, who is second to the right of A. F is third to the right of B. G is not an immediate neighbour of A. What is the H's position with respect to E?

- A) Third to the left
- B) Fourth to the left
- C) Fifth to the right
- D) Fifth to the left

29. QUESTION

'Fire' is related to 'Ashes' in the same way as 'Explosion' is related to:

- A) Sound
- B) Debris
- C) Explosive
- D) Flames

30. QUESTION

Find the next term in the series XRF, UTI, RVM _____

- A) OWP
- B) OXR
- C) OXR
- D) OXP

31. QUESTION

Consider the statement and the following assumptions and decide which of the assumptions is implicit in the statement.
Statement: The entire north India, including Delhi remained 'power less the whole day of 19th December as the northern grid supplying electricity to seven states collapsed yet again.
Assumptions: 1. The northern grid had collapsed earlier.

2. The grid system of providing electricity to a group of states is an ineffective type of power supply system.

- A) Only assumption I is implicit
- B) Only assumption II is implicit
- C) Neither assumption I nor II is implicit
- D) Both assumptions I and II are implicit

32. QUESTION

Find the odd one among the following:

- A) Death: Disease
- B) Grape: Wine
- C) Milk: Butter
- D) Water: Oxygen

33. QUESTION

A and B are twins. B's sister is C. D is the husband of C. A's mother is E. E is wife of F. How is F related to D?

- A) Uncle
- B) Brother in law
- C) Father in law
- D) Son in law

34. QUESTION

All needles are threads, All threads are boxes. All trees are boxes.

- (A) No needle is tree.
- (B) Some trees are threads
- (C) Some boxes are needles
- (D) Some trees are needles

- A) A and B only
- B) A, B and D only
- C) B only
- D) C only

35. QUESTION

How many squares does the figure have?

- A) 8
- B) 9
- C) 11
- D) 12

36. QUESTION

A set of figures carrying certain characters is given below. Assuming that the characters in each set follow same pattern, find the missing character

- A) 127
- B) 142
- C) 146
- D) 182

37. QUESTION

Seeta and Geeta start moving towards each other from two places 200 m apart. After walking 40 m, Geeta turns left and goes 15 m, then she turns right and goes 25 m. She then turns right again and comes back to the road on which she had started walking. If Seeta and Geeta walk with the same speed, what is the distance between them now?

- A) 40M
- B) 35M
- C) 55M
- D) 65M

38. QUESTION

In a row of girl students facing north, Radhika is 10th to the left of Purnima who is 21th from the right end. If Monika who is 17th from the left end is 4th to the right of Radhika, how many students are there in the row?

- A) 37
- B) 44
- C) 43
- D) Data is insufficient

39. QUESTION

In the following number series, only one number is wrong, find out the wrong number
888, 454, 237, 128.5, 76.25, 47.125

- A) 76.25
- B) 454
- C) 128.5
- D) 237

40. QUESTION

A clock is set right at 10 am. The clock gains 10 minutes in a day. What will be the true time when the watch indicates 3 pm the next day?

- A) 12 minutes past 2 pm
- B) 45 minutes past 2 pm
- C) 32 minutes past 2 pm
- D) 48 minutes past 2 pm

Language Comprehension

41. QUESTION

Pick the correct option given below to replace the underlined words/phrase in the following sentence to make it grammatically correct:

"Do you know that dressing properly for an interview can earns you those brownie points which will help you get that dream job"?

- A) can earn
- B) will earning
- C) will earns
- D) earned

42. QUESTION

Pick the correct passive form of the following sentence:

"He urged the council to reduce the rates".

- A) He urged that the rates should reduced.
- B) The council urged to reduce the rates.
- C) The council urges that the rates should be reduced.
- D) The council was urged to reduce the rates.

43. QUESTION

Pick the word opposite in meaning to the word "DOLEFUL

- A) Cheerful
- B) Deceitful
- C) Beautiful
- D) Mournful

44. QUESTION

Pick the odd one out from the following options:

- A) Go about
- B) Go after
- C) Go fast
- D) Go through

45. QUESTION

Pick the correct option to complete the following sentence:
"The teacher never _____ in the class".

- A) sleeps
- B) sleep
- C) is sleeping
- D) has sleep

46. QUESTION

An office without pay" is termed as

- A) Salaried
- B) Bonded
- C) Ex gratia
- D) Honorary

47. QUESTION

Identify the usages of the word "PUZZLE" in the following sentence.

"The students got puzzled solving the puzzle".

- A) as an adjective and as a noun
- B) as a verb and as an adjective
- C) as a verb and as a verb
- D) as a verb and as a noun

48. QUESTION

Comprehension

This particular scepticism of the reach of reasoning__1__not yield nor (as Appiah makes clear) is it intended to yield any ground for not using reason to the extent one can, in__2__the idea of justice or any other notion of social relevance, such as identity. Nor does it undermine the case for our trying to persuade each other to

scrutinize our respective conclusions. It is also important to note that what may appear to others as clear examples of 'unreason' may not always be exactly that. Reasoned discussion can accommodate conflicting positions that may appear to others to be 'unreasoned prejudice, without this being quite the case. There is no compulsion, as is sometimes__3__to eliminate every reasoned alternative except exactly one.

In the above passage there are blanks, each of which has been numbered. Find out the appropriate option in each case to replace the given numbers.

Pick the appropriate replacement for (III)

- A) assumes
- B) assume
- C) assumed
- D) assuming

49. QUESTION

Comprehension

This particular scepticism of the reach of reasoning__1__not yield nor (as Appiah makes clear) is it intended to yield any ground for not using reason to the extent one can, in__2__the idea of justice or any other notion of social relevance, such as identity. Nor does it undermine the case for our trying to persuade each other to scrutinize our respective conclusions. It is also important to note that what may appear to others as clear examples of 'unreason' may not always be exactly that. Reasoned discussion can accommodate conflicting positions that may appear to others to be 'unreasoned prejudice, without this being quite the case. There is no compulsion, as is

sometimes ___3___ to eliminate every reasoned alternative except exactly one.

In the above passage there are blanks, each of which has been numbered. Find out the appropriate option in each case to replace the given numbers.

Pick the appropriate replacement for (I)

- A) DOES
- B) DO
- C) HAS
- D) HAVE

50. QUESTION

Comprehension

This particular scepticism of the reach of reasoning ___1___ not yield nor (as Appiah makes clear) is it intended to yield any ground for not using reason to the extent one can, in ___2___ the idea of justice or any other notion of social relevance, such as identity. Nor does it undermine the case for our trying to persuade each other to scrutinize our respective conclusions. It is also important to note that what may appear to others as clear examples of 'unreason' may not always be exactly that. Reasoned discussion can accommodate conflicting positions that may appear to others to be 'unreasoned prejudice, without this being quite the case. There is no compulsion, as is sometimes ___3___ to eliminate every reasoned alternative except exactly one.

In the above passage there are blanks, each of which has been numbered. Find out the appropriate option in each case to replace the given numbers.

Pick the appropriate replacement for (II)

- A) pursue

- B) pursues
- C) pursuit
- D) persuing

51. QUESTION

Which of the following are synonyms of the word "DELINEATE"?

- (A) Depict
- (B) Deceitate
- (C) Describe
- (D) Deprecate

Choose the correct answer from the options given below:

- A) A and B only
- B) A and C only
- C) B and C only
- D) C and D only

52. QUESTION

Given below are two statements:

Statement I : "HARDLY" can be used to say that something is just true or possible.

Statement II: "HARDLY" is a negative word and should not be used with not or other negatives.

In the light of the above statements, choose the correct answer from the options given below:

- A) Both Statement I and Statement II are true
- B) Both Statement I and Statement II are false
- C) Statement I is true but Statement II is false
- D) Statement I is false but Statement II is true

53. QUESTION

Match List I with List II:

List I	List II
(A) Fits and starts	(I) At appropriate time
(B) In less than no time	(II) At intervals
(C) Once in a blue moon	(III) In a moment
(D) On the dot	(IV) Rarely

Choose the correct answer from the options given below:

- A) (A)-(1), (B)-(II), (C)-(III), (D)-(IV)
 B) (A)-(II), (B)-(III), (C)-(IV), (D)-(1)
 C) A)-(III), (B)-(II), (C)-(I), (D)-(IV)
 D) (A)-(IV), (B)-(III), (C)-(II), (D)-(1)

54. QUESTION

Rearrange the following sentences to get a meaningful paragraph.

- (A) However, Indian girls have not matched this rate of access to education.
 (B) Still the Indian girl child has been deprived of the gift, as largely girls are not considered worthy of literacy.
 (C) The power of education in transforming communities is a gift that has changed India in the last few decades.
 (D) India has seen a substantial increase in primary school enrolment due to the Right to Education (RTE) Act 2009

Choose the correct answer from the options given below:

- A) BACD
 B) ACBD
 C) CBDA
 D) DCBA

55. QUESTION

Given below are two statements: One is labelled as Assertion (A) and the other is labelled as Reason (R).

"I wish it were possible."

Assertion (A): Despite the fact that the above sentence lacks subject-verb concord, as per the English Grammar, it is a syntactically correct sentence.

Reasons (R): It is a syntactically correct sentence because in subjunctive mood (of verb) even singular subject is followed by a plural verb.

In the light of the above statements, choose the correct answer from the options given below:

- A) Both (A) and (R) are true and (R) is the correct explanation of (A)
 B) Both (A) and (R) are true but (R) is NOT the correct explanation of (A)
 C) (A) is true but (R) is false
 D) (A) is false but (R) is true

56. QUESTION

Match List I with List II:

List I	List II
(A) Alma mater	(I) Reasonable value of service
(B) De Jure	(II) One's own old school/college
(C) Ipso facto	(III) By the fact
(D) Quantum meruit	(IV) As a matter of legal right

Choose the correct answer from the options given below:

- A) (A)-(1), (B)-(II), (C)-(III), (D)-(IV)
 B) (A)-(II), (B)-(IV), (C)-(III), (D)-(I)
 C) (A)-(II), (B)-(III), (C)-(IV), (D)-(I)
 D) (A)-(IV), (B)-(III), (C)-(II), (D)-(1)

57. QUESTION

Rearrange the following components to get a meaningful sentence.

- (A) The Buddha
- (B) of his time and
- (C) dissented against the orthodoxy
- (D) the eightfold path stood revealed

Choose the correct answer from the options given below :

- A) ABCD
- B) ACBD
- C) DACB
- D) ABDC

58. QUESTION

Given below are two statements:

Statement I "VERY" is used with adjectives, past participles used as adjectives and adverbs.

Statement II : But "VERY" is not used with past participles that have a passive meaning. In the light of the above statements,

choose the correct answer from the options given below:

- A) Both Statement I and Statement II are true
- B) Both Statement I and Statement II are false
- C) Statement I is true but Statement II is false
- D) Statement I is false but Statement II is true

59. QUESTION

Comprehension:

All the great religious teachers of mankind have insisted on this that men ought not to live for themselves alone. We ought not, they have said, to spend all our time and energy in getting just what we want for ourselves, power and money and importance in the world; we ought to serve something greater than ourselves, whether a god or a cause or our fellowmen. It is by serving this something greater that men will forget themselves and so achieve happiness. This or something like it is what the great religions have taught, and it is one of the most important of the things that civilization means. It is also the hardest to learn and practise; in fact, most people have found it much too hard.

Which of the following terms is closer to the central idea of the given passage?

- A) Nationalism
- B) Materialism
- C) Humanism
- D) Altruism

60. QUESTION

Comprehension:

All the great religious teachers of mankind have insisted on this that men ought not to live for themselves alone. We ought not, they have said, to spend all our time and energy in getting just what we want for ourselves, power and money and importance in the world; we ought to serve something greater than ourselves, whether a god or a cause or our fellowmen. It is by serving this something greater that men will forget themselves and so achieve happiness. This or something like it is what the great religions have taught, and it is one of the

most important of the things that civilization means. It is also the hardest to learn and practise; in fact, most people have found it much too hard.

What does the passage suggest overall?

- (A) It suggests humanism as a religious practice.
- (B) It holds nationalism as the most cherished sentiment in society.
- (C) It holds altruism as a universal value.
- (D) It holds humanism as the most important thing in human life.
- (E) It puts altruism in the binary of selfishness.

Choose the correct answer from the options given below:

- A) A and B only
- B) A and D only
- C) B and D only
- D) C and E only

General Awareness

61. QUESTION

Who is the present Vice President of India?

- A) Dharmendra Pradhan
- B) Anurag Singh Thakur
- C) Anurag Singh Thakur
- D) Bhupendra Yadav

62. QUESTION

The first country of the world who legalize Euthanasia was -

- A) Switzerland
- B) Netherland
- C) Poland
- D) Holland

63. QUESTION

Given below are two statements:

Statement I In Indus valley civilization, houses were made of Bricks.
Statement II : Indus valley civilization were not familiar with cotton.

In the light of the above statements, choose the correct answer from the options given below

- A) Both Statement I and Statement II are true
- B) Both Statement I and Statement II are false
- C) Statement I is true but Statement II is false
- D) Statement I is false but Statement II is true

64. QUESTION

Arrange the following Indian Defence organization in terms of their foundation year

- (A) Border Security Force (BSF)
- (B) Indian Air Force (IAF)
- (C) National Cadet Corps (NCC)
- (D) National Security Guards (NSG)
- (E) Central Industrial Security Force (CISF)

Choose the correct answer from the options given below:

- A) A, B, E, D, C
- B) B, A, C, E, D
- C) B, A, E, D, C
- D) B, C, A, E, D

65. QUESTION

D) Statement I is false but Statement II is true

Which of the following statements are correct?

- (A) Jallianwala Bagh Massacre took place in the year 1919.
- (B) People were agitated over the arrest of Dr. Kitchlu and Dr. Satyapal and assembled there.
- (C) General O'Dyer fired at people who assembled in Jallianwala Bagh.
- (D) Gandhiji Returned his knighthood in the protest.

Choose the correct answer from the options given below:

- A) A, B and C only
- B) B, C and D only
- C) C, D and E only
- D) D, E and A only

66. QUESTION

Given below are two statements:

Statement I : The Abbreviation of ASCII is, Army standard code for information interchange.

Statement II: The abbreviation of COBOL is, computer Business oriented language.

In the light of the above statements, choose the correct answer from the options given below:

- A) Both Statement I and Statement II are true
- B) Both Statement I and Statement II are false
- C) Statement I is true but Statement II is false

67. QUESTION

The famous instrumentalist Bismillah Khan was associated with which of the following instrument?

- A) Flute
- B) Tabla
- C) Dholak
- D) Shehnai

68. QUESTION

Match List I with List II:

List I (Viceroys of India)	List II (Known for the Events)
(A) Lord Canning	(I) The Vernacular Press Act
(B) Lord Lytton	(II) The Indian Universities Act
(C) Lord Ripon	(III) Revolt of 1857
(D) Lord Curzon	(IV) The founding father of local self governance in India

Choose the correct answer from the options given below:

- A) (A)-(II), (B)-(I), (C)-(III), (D)-(IV)
- B) (A)-(IV), (B)-(III), (C)-(II), (D)-(1)
- C) (A)-(III), (B)-(I), (C)-(IV), (D)-(II)
- D) (A)-(1), (B)-(IV), (C)-(III), (D)-(II)

69. QUESTION

The youngest Prime Minister in the history of India was

- A) Indira Gandhi
- B) J.L. Nehru

- C) Rajiv Gandhi
D) Choudhary Charan Singh

- C) Force
D) Volume

70. QUESTION

Given below are two statements

Statement I Vitamin-A, Vitamin-B and Vitamin-C all are fat soluble vitamins.

Statement II

Vitamin-D, Vitamin-K and Vitamin-E all are water soluble vitamins.

In the light of the above statements, choose the correct answer from the options given below

- A) Both Statement I and Statement II are true
B) Both Statement I and Statement II are false
C) Statement I is true but Statement II is false
D) Statement I is false but Statement II is true

71. QUESTION

Rudyard Kipling is the famous writer of which of the following book?

- A) The Brief History of Time
B) The Pie
C) Jungle Book
D) The Republic

72. QUESTION

Which of the following is not a scalar Quantity?

- A) Speed
B) Work

73. QUESTION

Which of the following statements are correct?

- (A) Jainism came into existence around 600 B.C. in India.
(B) There were 24 Tirthankaras in Jainism.
(C) First Tirthankar was Swami Mahavira.
(D) The last and 24th Tirthankara was Rishabhadeva.
(E) Jainism accept the idea of existance of God and believe in caste system.

Choose the correct answer from the options given below:

- A) A, B and C only
B) B, C and D only
C) A and B only
D) C, D and E only

74. QUESTION

The first Bharat Ratna Awards were not given to

- A) Pandit Govind Ballabh Pant
B) Shri Chakravarti Rajagopalchari
C) Dr. Chandra Sekhar Venkat Raman
D) Dr. Sarvepalli Radhakrishnan

75. QUESTION

The word 'Blue Revolution' is associated with

- A) Honey Production
B) Fish Production
C) Milk Production
D) Grain Production

Given below are two statements:

76. QUESTION

Match List I with List II:

List I	List II
(A) Warren Hastings	(I) Father of civil services in India
(B) Lord Cornwallis	(II) Introduction of subsidiary Alliance
(C) Lord Wellesley	(III) Establishment of Ryotwari system
(D) Lord Hastings	(IV) Abolition of Dual Government

Choose the correct answer from the options given below

- A) (A)-(IV), (B)-(I), (C)-(II), (D)-(III)
 B) (A)-(I), (B)-(II), (C)-(III), (D)-(IV)
 C) A)-(II), (B)-(III), (C)-(IV), (D)-(I)
 D) (A)-(I), (B)-(IV), (C)-(II), (D)-(III)

77. QUESTION

The first National Education Policy of independent India was commenced in the year

- A) 1968
 B) 1986
 C) 1992
 D) 2020

78. QUESTION

In Indian Constitution, Directive principles of State Policy are taken form

- A) Constitution of Australia
 B) Constitution of France
 C) Constitution of Canada
 D) Constitution of Ireland

79. QUESTION

Statement I King Ashoka was the son of Chandragupta.

Statement II: The war of Kalinga, changed the Ashoka and he became the follower of Jainism.

In the light of the above statements, choose the correct answer from the options given below:

- A) Both Statement I and Statement II are true
 B) Both Statement I and Statement II are false
 C) Statement I is true but Statement II is false
 D) Statement I is false but Statement II is true

80. QUESTION

22nd Commonwealth Games - 2022 were held in which city of the world?

- A) Birmingham
 B) Brisbane
 C) Cardiff
 D) Delhi

: Innovation & Entrepreneurship

81. QUESTION

Match List I with List II:

List I	List II
(A) Plant and Machinery Records	(I) Design thinking
(B) Profit Statements	(II) Technical feasibility

(C) Creativity and Innovation	(III) Financial feasibility
(D) Empathize	(IV) Business ideation

Choose the correct answer from the options given below

- A) (A)-(1), (B)-(II), (C)-(III), (D)-(IV)
- B) (A)-(II), (B)-(III), (C)-(IV), (D)-(I)
- C) (A)-(IV), (B)-(I), (C)-(II), (D)-(III)
- D) (A)-(II), (B)-(IV), (C)-(III), (D)-(I)

82. QUESTION

Shruti wants to launch a small floral shop in Nagarbhavi, Bengaluru. As part of business plan, she prepared an engaging. MS Powerpoint presentation to garner interest among potential investors and trigger discussion. This format of business plan is known as

- A) Business plan
- B) Pitch deck
- C) Presentation
- D) Business talk

83. QUESTION

The legal term for brand is

- A) Patent
- B) License
- C) Copyright
- D) Trade mark

84. QUESTION

Which of the following factors are not relevant for judging the adequacy of market?

- A) Labour Market
- B) Domestic Market Demand

- C) Export Market Demand
- D) Competitors and their market shares

85. QUESTION

Diffusion of Innovation theory is associated with

- A) Schumpeter
- B) Peter Drucker
- C) Fredrick Taylor
- D) E.M. Rogers

86. QUESTION

Handson learning can be best taught through.

- (A) Case study analysis
- (B) Entrepreneurial Audit
- (C) Entrepreneurial profiling
- (D) Class discussion
- (E) Focused group discussion

Choose the correct answer from the options given below :

- A) A, B, C only
- B) C, D, E only
- C) A, B, E only
- D) A, B, C, D only

87. QUESTION

Following are the reasons of success of entrepreneurial ventures

- (A) Effective Market Research
- (B) Good Financial Control
- (C) Good Management
- (D) Caste of Entrepreneur
- (E) Good Idea

Choose the correct answer from the options given below:

- A) B, C, D only
- B) A, C, D only
- C) A, B, C, E only
- D) B, D, E only

- (A) Time management.
- (B) Finding, retaining and motivating able human resource
- (C) Finding new financiers
- (D) Diversification and export potential
- (E) Performance measurement and incentives

88. QUESTION

Becoming an entrepreneur is more about

- A) money
- B) commitment
- C) support available
- D) mindset

Choose the correct answer from the options given below :

- A) A, B, C, D, E
- B) A, C, D, E only
- C) B, C, D only
- D) A, B, E only

89. QUESTION

Given below are two statements:

Statement I Business ideation is important aspect of venture creation.

Statement II Conversation that happens in an elevator is known as elevator pitch.

In the light of the above statements, choose the most appropriate answer from the options given below:

- A) Both Statement I and Statement II are correct
- B) Both Statement I and Statement II are incorrect
- C) Statement I is correct but Statement II is incorrect
- D) Statement II is correct but Statement I is incorrect

91. QUESTION

Which of the following statements are correct?

- (A) SMILE loans are aimed pursue growth opportunities
- (B) SMILE loans are aimed to pay for the earlier loan
- (C) SMILE loans are available to both manufacture and services organisation.
- (D) SMILE loans are aimed at setting upstate of the Art manufacturing infrastructure for MSME
- (E) SMILE loans are aimed at meeting consumption need of farm based entrepreneurs.

Choose the correct answer from the options given below:

- A) A, B, C only
- B) AC. Donly
- C) B, C, E only
- D) C, D, E only

90. QUESTION

Along with goal setting, major concerns for a growing enterprise are

92. QUESTION

Shaadi.com, an online match making service is an example of following start up model

- A) Subscription based business service model
- B) Transaction based business service model
- C) Multilevel marketing premium model
- D) Relationship based selling

93. QUESTION

To maintain consistent business through out the year, an entrepreneur may

- A) do multiple businesses at a time
- B) have more than one customer segment
- C) do gurilla marketing and sales promotion
- D) do business plan

94. QUESTION

Given below are two statements:

Statement I : Dividing the market in small niches is known as targeting.

Statement II: Segmentation and targeting are essential components of understanding the market and tap it effectively.

In the light of the above statements, choose the correct answer from the options given below

- A) Both Statement I and Statement II are true
- B) Both Statement I and Statement II are false
- C) Statement I is true but Statement II is false
- D) Statement I is false but Statement II is true

95. QUESTION

Critical evaluation points of Entrepreneurship Development Programmes (EDPs) are:

- (A) Organisational Policies
- (B) Suitable selection procedure of trainees and Faculty
- (C) Quality of Technical and Vocational Education and Training
- (D) Organisation associated in the EDP

Choose the correct answer from the options given below:

- A) C, D only
- B) A, B, C, D only
- C) A, B, C only
- D) B, D only

96. QUESTION

'Entrepreneur' means

- A) to struggle
- B) to undertake
- C) to invent
- D) to motivate

97. QUESTION

Match List I with List II:

List I	List II
(A) Manager	(I) Value addition
(B) Retailer	II) Gets the work done
(C) Entrepreneur	(III) Works on existing business model
(D) Business Man	(IV) Calculate risk taking

Choose the correct answer from the options given below:

- A) (A)-(II), (B)-(I), (C)-(IV), (D)-(III)
- B) (A)-(I), (B)-(II), (C)-(IV), (D)-(III)
- C) (A)-(II), (B)-(IV), (C)-(III), (D)-(I)
- D) (A)-(I), (B)-(II), (C)-(III), (D)-(IV)

- A) B, A, E, C, D
- B) B, E, A, D, C
- C) A, B, C, D, E
- D) A, B, C, E, D

98. QUESTION

Given below are two statements:

Statement I : Changing competition in market place is the primary reason for govt involvement in business globally.

Statement II: Increase in cost of production is the primary reason for govt in business globally.

In the light of the above statements, choose the most appropriate answer from the options given below:

- A) Both Statement I and Statement II are correct
- B) Both Statement I and Statement II are incorrect
- C) Statement I is correct but Statement II is incorrect
- D) Statement I is incorrect but Statement II is correct

99. QUESTION

Design thinking has following important stages. Arrange in a sequence.

- (A) Define
- (B) Empathize
- (C) Prototype
- (D) Test
- (E) Ideate

Choose the correct answer from the options given below:

100. QUESTION

Bottom line measures of social performance for an entrepreneur include the following

- (A) Unemployment rate
- (B) Relative Poverty
- (C) GDP Growth
- (D) Average Commute Time
- (E) Illiteracy Rate

Choose the correct answer from the options given below:

- A) A, B, D, E only
- B) A, C, D, E only
- C) A, B, C, D, E only
- D) B, C, D, E only

CMAT 2024 SLOT 2 SOLUTION

1 = (A)

The number of shirts (linen and cotton) sold by store D
 $= 84000 \times 12 / 100 = 10080$

the number of linen shirts sold by store D
 $10080 \times 5 / 8 = 6300$

The number of cotton shirts sold by store D
 $= 10800 - 6300 = 3780$

The number of shirts (linen and cotton) sold by store E =
 $84000 \times 28 / 100 = 23520$

The number of linen shirts sold by store E
 $= 23520 \times 4 / 7 = 13440$

The number of cotton shirts sold by store E = $23520 - 13440$
 $= 10080$

∴ Required difference
 $= 6300 + 13440 / 2 - 3780 + 10080 / 2$
 $= 9870 - 6930$
 $= 2940$

2 (B)

The number of shirts (linen and cotton) sold by store C =
 $84000 \times 8 / 100 = 6720$

The number of shirts (linen and cotton) sold by store F =
 $84000 \times 14 / 100 = 11760$

The number of linen shirts sold by store F = $11760 \times 7 / 10 = 8232$

.. Required ratio = $6720:8232=40:49$

3(B)

The number of shirts (linen and cotton) sold by store D =
 $84000 \times 12 / 100 = 10080$

The number of linen shirts sold by store B
 $=84000 \times 22 / 100 \times 5 / 11$
 $=8400$

.. Required percentage = $10080 - 8400 / 8400 \times 100 =$
 $1680 \times 100 / 8400 = 20\%$

4(B)

=B

5(C)

Given:

Diameter of cylinder = 35cm

Height of cylinder = 32cm

Diameter of cone = 4 cm

Height of cone = 7 cm

Formula used:

Volume of cylinder = $\pi r^2 h$

Volume of cone = $1/3 \times \pi r^2 h$

Calculation:

Radius of cylinder = $35/2$ cm

Radius of cone = $4/2 = 2$ cm

Now,

Let n persons can be served

Volume of the cylinder = n * (Volume of a disposable cone

$= [\pi \times (35/2) \times (35/2) \times 32]$

$= n \times (\pi/3 \times 4 \times 7)$

$= n = 350 \times 3 = 1050$

6(D)

$\sqrt{2/3}$ is **0.5**.

$\sqrt{3}=1.7320508$

$4\sqrt{5}=8.94427191$

$6\sqrt{7}=15.87$

7(D)

$0.01a^2 + 0.01b^2 = 0.02ab$

$a^2 + b^2 = 2ab$

$a^2 + b^2 - 2ab = 0$

$(a - b)^2 = 0$

$a = b$

b is 100% of a.

8(A)

= Both Statement I and Statement II are true

9(B)

= Percentage profit = $\text{profit} \times 100 / \text{Cost Price}$

In option A, Percentage Profit $17 \times 100 / 36 = 47.22$

In option B, Percentage Profit $24 \times 100 / 50 = 48\%$

In option C, Percentage Profit $19 \times 100 / 40 = 47.5\%$

In option D, Percentage Profit = $29 \times 100 / 60 = 48.33\%$

10(A)

= Capacity of vessel = 160 l

Let=

MILK= X

WATER=160-X

$X + 70/100 + (160-x)30/160 = 160 = 55/100$

$70x + 4000 - 30x = 160 \times 55$

$40x = 160 \times 55 - 4800$

$8800 - 4800$

$40x = 4000$

$x = 100$

11(A)

= Let the two numbers be 21a & 21b where a and b are coprimes.

LCM x HCF = Product of two numbers

$21a \times 21b = 3003 \times 21$

$\Rightarrow ab = 143 = 11 \times 13$

The two numbers are 11x21 & 13x21

$= 231 \times 273$

$\Rightarrow \text{Sum} = 504$

12(C)

The graphs of the equations $(ax+by=c)$ and $(dx+ey=f)$ represent lines in the coordinate plane. Here's how their relationship corresponds to the given options:

(A) Parallel lines occur when the slopes of the lines are equal but the y-intercepts are different. If the system has no solution, it means the lines are parallel because they never intersect.

(B) Coincident lines occur when the equations represent the same line. If the system has a finite number of solutions, it means the lines coincide at some point(s) but are not parallel.

(C) Intersecting lines occur when the lines intersect at a single point. If the system has two solutions, it means the lines intersect at two distinct points.

(D) Intersecting lines can also occur when the lines intersect at a single point. If the system has only one solution, it means the lines intersect at one unique point.
= A and D only

13(C)

=A and C only

(A) Area of the circle with diameter (14) cm:

$$[\text{Area}] = \pi \times \left(\frac{d}{2}\right)^2$$

$$[\text{Area}] = \pi \times \left(\frac{14}{2}\right)^2 = 49\pi, \text{ cm}^2$$

(C) Area of the rectangle with length (14) cm and breadth (11) cm:

$$[\text{Area}] = \text{length} \times \text{breadth} = 14 \times 11 = 154, \text{ cm}^2$$

You're right; I made a mistake in my previous response.

The correct comparison shows that the areas of options

(A) and (C) are equal:

$$[49\pi, \text{ cm}^2 = 154, \text{ cm}^2]$$

So, the correct answer is option (C) - A and C only.

14(D)

= According to the question.

$$(46k + 30) + (41k + 30) + (34k + 25) = 2505$$

$$121k = 2505 - 85 = 2420$$

$$k = 2420/121 = 20$$

$$\text{Number of coins received by Parat} = 41k + 30$$

$$= 41 \times 20 + 30 = 850$$

15(C)

16(B)

= 6 women complete a piece of work in 3 days.

Hence, one woman can complete $1/18$ piece of work in one day

3 women and 18 children take 2 days to complete the work

$$3 \text{ women in 2 days complete } 3 \times 2 \times 1/18 = 1/3$$

Hence, in two days 18 children complete $1 - 1/3 = 2/3$ of the work

So, amount of work done by 1 child in a day is $2/3 \times$

$$1/36 = 1/54$$

So, 9 children complete $9 \times 1/54 = 1/6$ part of the work in a day

Hence, the number of days in which 9 children alone complete the work is 6

17(A)

Let $\triangle ABC$ be the triangle & D, E & F are midpoints
Now sum of two sides of a triangle is greater than twice the radius

$$\text{So, } AB + AC > 2AD$$

Same for

$$BC + AC > 2CF$$

$$BC + AB > 2BE$$

Odd above 3 equations

$$2(AB+BC+AC) > 2(AD + BE + CF)$$

$$AB + BC + AC > AD + BE + CF$$

So, perimeters of triangle is greater than sum of its medians

Statement 1 is correct

D is a midpoint on BC means AD is a median

We know that,

Sum of two sides a triangle is greater the twice of the median

$$AB + AC > 2AD$$

Since BC is positive number

$$AB + AC + BC > 2AD$$

So, statement 2 is correct

= Both 1 & 2 are correct

18(B)

(A)-(II), (B)-(III), (C)-(IV), (D)-(I)

19(C)

= According to the question

Probability of missing the target in the second shot =

$$10.2 = 0.8$$

Probability of missing the target in the third shot = 1 -

$$0.35 = 0.65$$

Probability of missing the target in the fourth shot =

$$10.45 = 0.55$$

Probability of hitting the target = 1 - (Probability of missing the target)

$$1 - (0.8 \times 0.65 \times 0.55)$$

$$= 1 - 0.2574$$

$$0.7426$$

Thus, 0.7426 is the correct answer. Hence, this option is the correct answer.

20(C)

= 3 parts water and 5 parts milk.

So water = $\frac{3}{8}$ and milk = $\frac{5}{8}$ To make them equal,

$\frac{4}{8}$ of water and milk should be there

Let x be the amount of liquid we replace by water, Water

$$= \frac{3x}{8} \text{ and milk} = \frac{5x}{8}$$

Now,

$$\text{Water before replacement} + \frac{5x}{8} = \text{milk before}$$

$$\text{replacement} - \frac{5x}{8}$$

$$\text{milk} - \text{water}(\text{before replacement}) = \frac{10x}{8} = \frac{5x}{4}$$

$$\frac{5}{8} \text{ part} - \frac{3}{8} \text{ part} = \frac{5x}{4}$$

$$\frac{1}{4} \text{ part} = \frac{5x}{4}$$

$$x = \frac{1}{5}$$

$\frac{1}{5}$ of the mixture must be drawn off and replaced with water so that the mixture may be half water and half milk.

21(A)

= Correct option is A. Both A and R are true and R is the correct explanation of A

22(B)

$$= 35$$

23(D)

= To find the pattern, let's analyze "RAIN" and "66":

- R is the 18th letter of the alphabet.

- A is the 1st letter.

- I is the 9th letter.

- N is the 14th letter.

Now, let's add up these numbers: $18 + 1 + 9 + 14 = 42$.

Now, let's look at "66". If we subtract 42 from 66, we get 24.

Now, let's analyze "CLOUD":

- C is the 3rd letter of the alphabet.

- L is the 12th letter.

- O is the 15th letter.

- U is the 21st letter.

- D is the 4th letter.

Adding up these numbers: $3 + 12 + 15 + 21 + 4 = 55$.

Now, if we add 55 to 24 (the result we got from "RAIN"), we get 79.

So, CLOUD is written as 79.

24(A)

= Clearly, independent judiciary is necessary for impartial judgement so that the Executive does not take wrong measures. So, only argument I holds

25(D)

26(D)

Clearly, Deepak is facing North.

27(C)

Given,

8th February 2005 is Tuesday.

2004 is a leap year, so there are 2 odd days.

So, The day on 8th February, 2004 will be 2 days before 8th February, 2005, i.e., 2 days before Tuesday, which is Sunday.

Hence, "Sunday" is the correct answer.

28(A)

29(B)

The logic is:

Fire: Ashes - Ashes remains left after the Fire Similarly,

Explosion: ? - Debris remains left after the Explosion.

Hence, 'Debris' is the correct answer.

30(B)

31(A)

The implicit assumption in the statement is:

1. The northern grid had collapsed earlier.

This assumption is implicit because the statement mentions that the northern grid collapsed "yet again," implying that it had collapsed before. However, assumption 2 about the grid system being ineffective is not directly mentioned or implied in the statement.

32(A)

33(C)

1. A and B are twins. This means they are siblings.

2. B's sister is C. This means B and C are siblings.

3. D is the husband of C. This means D is married to C.

4. A's mother is E. This means E is A's mother.

5. E is the wife of F. This means F is E's spouse, and hence, A's father.

So, to sum up, F is A's father. And since D is married to C, and C is B's sister, and B is A's twin, D is the husband of A's sibling. Therefore, F is D's father-in-law.

34(4)

All needles are threads. All threads are boxes.

Since both the premises are universal and affirmative, the conclusion must be universal affirmative (A-type) and should not contain the middle term. So, it follows that 'All needles are boxes'. III is the converse of this

conclusion and so it holds. All threads are boxes. All trees are boxes. Since the middle term 'boxes' is not distributed even once in the premises, no definite conclusion follows. All needles are boxes. All trees are boxes. Again, since the middle term 'boxes' is not distributed even once in the premises, no definite conclusion can be drawn. However, I and IV involve the extreme terms of these two statements and form a complementary pair. Thus, either I or IV follows.

35(D)

=12

36(B)

=142

37(A)

= Let's reassess Geeta's movements:

1. Initially, both Seeta and Geeta start moving towards each other from two places 200 m apart.
2. After walking 40 m, Geeta turns left.
3. Geeta walks 15 m after turning left.
4. Then, she turns right and walks 25 m.
5. Finally, she turns right again and comes back to the road she started walking on.

After analyzing Geeta's movements again, it seems that when she turns right for the second time, she essentially reverses her direction and heads back towards Seeta. So, when she comes back to the road she started walking on, she's 40 m away from Seeta, the same distance she was at when she turned left initially.

Therefore, the distance between Seeta and Geeta now is indeed 40 meters.

38(C)

= Pallavi is 21st from right and Reena is 10th to the left of Pallavi So Reena is 31th from right Malini is 17th from the left and $31 - 4 \times 27$ th from right so there are $(17+27-1)=43$ girls in a row.

39(A)

40(D)= 48 minutes past 2 pm

= Clock gain in 24 hours = 10 mint

Clock gain in 1 hour = $10/24$ mint

Number of hours when clock indicate 3 pm on the following day = $24 + 529$ hours.

So, clock gain in 29 hours = $29 \times 10/24 = 12$ minutes
Hence, Right time = 12 minutes to go to 3 P.M. = 2:48 P.M

41(A)
=CAN EARN

42(D)
=The council was urged to reduce the rates.

43(A)

=The Netherlands became the first country to decriminalize voluntary euthanasia and assisted suicide by passing a law on 1 April 2002.
The lower house of Parliament approved a "mercy killing" Bill by a two-thirds majority.
Under the controversial new law, doctors will be immune from prosecution provided they follow strict guidelines, when performing euthanasia.
The Bill went to the Dutch upper house, the Senate, for approval before becoming law.

=Ustad Bismillah Khan (born Qamaruddin Khan, 21 March 1916-21 August 2006), often referred to by the title Ustad, was an Indian musician credited with popularizing the shehnai, a reeded woodwind

instrument. He played it with such expressive virtuosity that he became a leading Hindustani classical music artist. His name was indelibly linked with the woodwind instrument. While the shehnai had long held importance as a folk instrument played primarily schooled in traditional ceremonies, Khan is credited with elevating its status and bringing it to the concert stage.

= the *Jungle Book*

Joseph Rudyard Kipling (/radjard/ RUD-yard, 30 December 1865-18 January 1936)[1] was an English novelist, short-story writer, poet, and journalist. He was born in British India, which inspired much of his work. Kipling's works of fiction include the *Jungle Book* duology (*The Jungle Book*, 1894, *The Second Jungle Book*, 1895), *Kim* (1901), the *Just So Stories* (1902) and many short stories, including "The Man Who Would Be King" (1888). [2] His poems include "Mandalay" (1890), "Gunga Din" (1890), "The Gods of the Copybook Headings" (1919), "The White Man's Burden" (1899), and "If" (1910). He is seen as an innovator in the art of the short story. His children's books are classics; one critic noted "a versatile and luminous narrative gift"

= Constitution of Ireland

The concept of Directive Principles of State Policy was borrowed from the Irish Constitution. The makers of the Constitution of India were influenced by the Irish nationalist movement, particularly the Irish Home Rule Movement. Hence, the Directive Principles of the Indian constitution have been greatly influenced by the Directive Principles of Social Policy.
